

Alabama Association for Play Therapy

Student Volunteer Scholarship Application

The student volunteer program is collaboration between graduate students in counseling, social work, or other mental health related fields and the Alabama Association for Play Therapy. Volunteers, if selected, are asked to assist the conference committee with preparations the night before the conference and assist periodically before, during, and after the conference. In return, each winner of the student scholarship will receive one free admission to the Alabama Association for Play Therapy Conference. This provides the student with a valuable experience in the behind the scene planning of a play therapy conference, a chance to meet the speaker, who is usually nationally known, and a chance to attend the conference for free while giving back to the Alabama Association for Play Therapy. This scholarship does not include lodging or mileage for the event. **DEADLINE FOR APPLICATIONS IS TWO MONTHS PRIOR TO NEXT WORKSHOP. Winners will be selected one month before the conference**

Name _____

Phone _____ E-mail _____

College or University _____

Program of Study _____

When do you anticipate graduation? _____

What degree are you pursuing? _____
